

## PITCHING WAS BAD

Gave Independence Four in the First and Solons Lost.

Topeka Staged Rally in Ninth But It Wasn't Enough.

By slamming the ball hard in a way that forced Cooley to use three pitchers, and added frequently by errors, the Independence Producers won the first game of the series from Topeka Sunday, 11 to 8. The producers also staged the highest exhibition of base running put on here this season which aided materially in the scoring. They pilfered a total of eight bases and for a time threatened to steal everything in the park.

The game produced about everything known in baseball. There was plenty of long distance hitting to please the fans, enough errors to make 'em groan, and a liberal use of the full stuff to make the contest an interesting one from start to finish. The Solons made a bad start, dominating the visitors four runs in the initial inning, but grew better as the game progressed. When Cooley finally decided to give Chief Buffalo a try, while the Solons got behind the big chief with a pair of lightning double plays and brought on a grand finish in the way of a batting rally which scored four runs in the last half of the ninth.

## Luschen Made Poor Start.

Neither Luschen or Stipp seemed to have as much as a prayer left anything on the ball. Luschen lasted a trifle more than one inning. Eight men faced him in the first. Three of them singled, another walked, another was safe on a choice play which turned out to be an error, and another advance was allowed when Yendes let the ball get away from him in right field after Fromme had singled. By the time the visitors mixed three stolen bases with the numerous other events, four runs were across. Then when Luschen hit Shoney, first up in the second, and Buffalo tripled, Stipp came on to take up the burden. It was the second time that Luschen has been forced to retire in two starts.

Stipp has a regular wind mill wind-up but that was about all. He got by his first inning with only a double being cracked out against him but he was in a sleepy mood and let Lovance steal home. Luschen made six for the visitors and they hit Stipp for two more in the third and one more in the fourth. Buffalo went to the mound to start the fifth and stopped the scoring. For four innings he made an excellent showing, allowing only two hits during that time, but in the ninth three singles in a row resulted in two more Independence runs. It is true, however, that the Solons gave the chief better support. Peterson started two double plays which Wickeno and Bockkopf completed, and only one error came after the chief went to the slab.

## The Solons Hit, Too.

Hard hitting on the part of Bockkopf, Strohm and Benn gave the Solons three runs in the second inning. Bockkopf started it with a single, Strohm tripled, scoring Bocky, and Yendes scored on a sacrifice fly by Yendes. Peterson grounded out but Benn put one in the automobile bleachers in right field which resulted in a home run. Frankenhoff simply couldn't find the ball until the Solon backstop was across the pan.

Strohm came thru with another powerful triple in the sixth and scored on a single by Yendes. That was all until the ninth. Benn struck out to start it, but Fromme hit Buffalo, drew a walk. Wickeno walked. Hahn singled, scoring Fromme and putting the Indian on third from which place he scored on Rose's sacrifice fly. Hahn scored on a double by Bockkopf and the first baseman scored when Strohm got a third hit of the day, a single into right field. With four runs over and Shoney going badly there was no need for a rally. The bugs had been nipped when Umpire Doyle failed to see one properly and called Strohm out at second on a force play from Yendes' bat. To everybody else the runner appeared to be safe but these umpires just will have their way.

## INDEPENDENCE.

## TWO NEAR THE TOP

Strohm and Rose Hitting at a 464 Clip.

Topeka Occupies Fourth Place in Team Batting.

Outfielder Rose and Shortstop Strohm are leading the Topeka team in batting according to the averages compiled by Joe N. Croom, secretary of the Southwestern league. These two Solons are tied at .464 but if there is any advantage it lies with Rose inasmuch as he has taken part in thirteen games when the averages were made, while Strohm has played in only eight. This is due to the fact that the shortstop was out of the game for a time on account of an injury. Yendes, in five games, has an average of .353, and is the third Topeka player on the list.

The real heavy hitter in the league, however, is Willis, Bartlesville left-fielder, who is swatting the ball at a clip of .488. Munsel, Muskogee pitcher, tops the list with an average of .583, and Nichols, Muskogee catcher, has a mark of .480 to his credit, but neither has played in as many games as Willis and Rose. Rose and Strohm are tied for fourth place among all of the players in the league.

## Four Solons Hit Above .300.

Strohm, in eight games, was at bat twenty-eight times, scored eight runs, and made thirteen hits for nineteen bases. Rose, in thirteen games, was at bat fifty-six times, scored twelve runs, and made twenty-six hits for thirty-seven bases, including five doubles, two triples and a home run. Catcher Benn is the fourth Topeka player who is hitting the ball for a mark above .300, his average in ten games being .310.

The other Topeka players are swatting the ball in the following order: Hahn .267, Bockkopf .259, Brose .225, Hardy (now released) .181, Wickeno .169, Pierce .164. The list is incomplete as it includes only those players who have participated in five or more games. This week an entirely new list will appear, and the way the Solons have been hitting in the home series many of them should show an improvement.

## The 300 or Better Hitters.

Following is Croom's list of all players who are hitting .300 or better:

G AB R H PO A E  
Munsel, Muskogee..... 5 12 17 589  
Nichols, Muskogee..... 4 12 15 498  
Willis, Bartlesville..... 4 12 15 498  
Rose, Topeka..... 13 56 26 441  
McNulty, Coffeyville..... 13 52 22 423  
Corgan, Muskogee..... 14 56 22 532  
Hahn, Topeka..... 15 49 19 387  
Rugwell, Salina..... 10 41 25 464  
Rabbit, Muskogee..... 14 54 20 370  
Weiss, Muskogee..... 14 54 20 370  
James, Coffeyville..... 7 28 10 357  
Yendes, Topeka..... 5 17 6 333  
Wolstead, Muskogee..... 5 17 6 333  
Rush, Muskogee..... 5 17 6 333  
Butler, Independence..... 5 16 5 312  
Benn, Topeka..... 10 39 9 310  
Miller, Sapulpa..... 10 38 15 310

## Team Batting.

In team batting Topeka occupies fourth place in the standing which is one point above the place it now occupies in the percentage of games won and lost. The team's batting average in thirteen games is .267. Muskogee tops the list with an average of .318. Coffeyville is second with .275, and Bartlesville is third. Following is the list:

G AB R H PO A E  
Muskogee..... 14 447 142 318  
Coffeyville..... 14 477 159 323  
Bartlesville..... 14 477 159 323

Independence..... 13 382 7 302

## TWO MORE AFTER JACK.

Firpo and Tracey Are Begging for a Chance at Dempsey.

New York, May 15.—Two foreign claimants for a chance at Jack Dempsey's heavyweight title, Luis Firpo, of Argentina, and Jim Tracey, of Australia, still are in the limelight today. Firpo because of his quick victory over Jack Herman, Saturday afternoon, and Tracey because he fights a quarter of American boxing champions who have "done" the other side, according to an announcement made here. The other three who have made trips abroad are Jack Dempsey, Johnny Kilbane and Johnny Buff.

Leonard is not going in an attempt to add to his list of laurels. It is said, but to appear in a big athletic carnival in London in September. His performance will be for the benefit of an English charity. He will pay his own expenses, taking his mother and sister along with him.
